Fiscal year ridership

June ridership was 8,990 riders based on projection through the first two weeks of the month. This reflects a substantial increase in ridership when comparing year after year. This growth in ridership reflects the return to work and school functions occurring throughout the Messila Valley. Service operated for twenty-six weekdays and Saturday combined. SCRTD thanks all drivers for their continued support and meeting every expectation that is set. Great job! Special thanks to our drivers on the Yellow route for increased ridership. Elizabeth Hernandez, Rodolfo Gomez, Maria Zubia and Juan Favela Thank you for your hard work.
