

STAFF ANALYSIS OF
Resolution FY24-18
SCRTD

Requested Action

Approval of SCRTD to allow the disposal of the Buses
2016 Ford F-5G(Bus 2) 2016 Ford F-5G(Bus 4) 2010 Ford Econoline(Bus 733)
2011 Ford Econoline(Bus 734) 2013 Ford Econoline(Bus 743)

Reason for Request

Bus #2

- Has accident Damage; an estimated cost of repair is \$4,675.30.
- The bus also needs a new transmission; the cost of repair is \$4,000.
- NMDOT estimated value of the bus once repairs are completed is under \$5,000, (staff's estimate to repair the bus \$8,675.30).
-
- The Bus meets the requirements for disposal and removal from the SCRTD fleet.
- According to NMDOT table bus meets the disposable guidelines by minimum useful life and miles.

Bus #4

- Needs Engine, estimated cost of value \$5,000 or more
- The bus has been back and forth with Viva Ford dealership and Uncle Bob's garage for repairs.
- One engine was purchased from Auto Zone and bus did not run. Another engine was given with a warranty, and the bus was still not running.
- NMDOT estimated value of the bus once repairs are completed is under \$5,000, (staff's estimate to repair the bus \$5,000).
- The Bus meets the requirements for disposal and removal from the SCRTD fleet
- According to NMDOT table bus meets the disposable guidelines by minimum useful life and miles.

Bus 733

- Needs Engine & transmission. Estimated cost of repair \$8,308.03
- NMDOT estimated value of the bus once repairs are completed is under \$5,000, (staff's estimate to repair the bus \$8,308.03).
- The Bus meets the requirements for disposal and removal from the SCRTD fleet
- According to NMDOT table bus meets the disposable guidelines by minimum useful life and miles.

Bus 734

- Has accident damage and also needs transmission. Estimated cost of repairs \$5,119.14 parts only
- NMDOT estimated value of the bus once repairs are completed is under \$5,000, (staff's estimate to repair the bus \$5,119.14 or more).
- The Bus meets the requirements for disposal and removal from the SCRTD fleet
- According to NMDOT table bus meets the disposable guidelines by minimum useful life.
-

Bus 743

- Needs body harness, wiring harness. Will have to get with Creative Bus sales to order the harness. Or It will have to be custom made because of the year of the bus.
- After being driven it starts to heat up and the wires start to burn and melt causing electrical fire.
- Maintenance has been fixing one thing and another one breaks.
- NMDOT estimated value of the bus once repairs are completed is under \$5,000, (staff's estimate to repair the bus is more than \$5,000).
- The Bus meets the requirements for disposal and removal from the SCRTD fleet
- According to NMDOT table bus meets the disposable guidelines by minimum useful life and miles.

Analysis

The SCRTD Property Disposal Standing Committee met on November 2023 and recommended the disposal of all buses.

**South Central Regional Transit District
INSPECTION AND CONDEMNATION REPORT/ FIXED ASSET TRANSFER FORM**

Date: _____

Bus Number: 02,04,733,734,743

Have been examined and recommended to be		By:	For the following reason:		
<input type="checkbox"/> Sold- as Junk	<input type="checkbox"/> Sold -Still Useable	<input type="checkbox"/> Salvage for parts	<input type="checkbox"/> Other	<input type="checkbox"/> Negotiated Sale <input type="checkbox"/> Destroy <input type="checkbox"/> Contract Sale <input type="checkbox"/> Public Auction <input type="checkbox"/> Competitive Bid <input type="checkbox"/> General Services Dept. <input type="checkbox"/> Donation <input checked="" type="checkbox"/> Commercial Landfill or	<input checked="" type="checkbox"/> Obsolete <input checked="" type="checkbox"/> Excessively Costly to Repair <input checked="" type="checkbox"/> Not Usable anywhere in the organization

Justification of Condemnation:
 The vehicle below is unusable to the degree that it is no longer economical to maintain as part of the SCRTD fleet and meets FTA administration's useful life criteria.

PROPOSED FINAL DISPOSITION CONTINGENT UPON 30 DAY REVIEW BY THE OFFICE OF THE STATE AUDITOR

Final Disposition: (Provide details of who sold, date, amount, and other relevant information).

Printed Name & Signature _____ Date _____ Title _____

Issuing Office sends Original to Fixed Assets Administrator
 Fixed Assets Administrator will return the approved inspection and condemnation Report to the office responsible for final disposition. When final disposition has been made return original inspection & condemnation report to the Fixed Asset Administrator to record completed transaction.
 Attach any money receipts, memos, etc.

VEHICLE DISPOSITION PROCEDURES

April 2023

NMDOT may approve the disposition of any vehicle, regardless of funding source, if it is to be replaced with Federal Transit Administration (FTA) funds.

The NMDOT will remain the lien holder on the title to any vehicles purchased with FTA funds until its final disposition. Under normal circumstances, NMDOT will only consider disposition of a vehicle in any category that has met the minimum useful life benchmark in either years or miles (which ever happens first) according to the following schedule and if vehicles are no longer in a state of good repair or can no longer be maintained to a state of good repair within reasonable measures:

Category	Typical Characteristics		Minimum Life	
	Approx. GVW	Average Cost	Years	Miles
Heavy-Duty Large Bus	33,000 to 40,000	\$325,000 to over \$600,000	15	625,000
Heavy-Duty Small Bus	26,000 to 33,000	\$200,000 to \$325,000	13	455,000
Medium-Duty and Purpose-Built Bus	16,000 to 26,000	\$75,000 to \$175,000	10	285,000
Light-Duty Mid-Sized Bus	10,000 to 16,000	\$50,000 to \$65,000	8	240,000
Light-Duty Small Bus, Cutaways, and Modified Van	6,000 to 14,000	\$30,000 to \$40,000	7	175,000

Subrecipients may replace a non-FTA-funded vehicle with an FTA-funded vehicle. As with FTA-funded vehicles, the vehicle(s) to be replaced must have met the useful life benchmark in either years or miles.

NMDOT may also approve the disposition of a vehicle before the end of useful life if a subrecipient demonstrates that continuing to operate and maintain the vehicle is not cost effective, the vehicle is unsafe, or the insurance company has totaled the vehicle as a result of an accident.

Subrecipients use BlackCat to request disposition of any vehicle listed in the BlackCat asset inventory, even those not funded with FTA funds.
