INDEPENDENT AUDITORS' REPORT

Mr. Joseph M. Maestas, P.E., CFE, State Auditor
and Board of Directors of
South Central Regional Transit District
Anthony, New Mexico

Opinion

We have audited the accompanying financial statements of the governmental activities, each major fund, the aggregate remaining fund information and the budgetary comparison for the general fund of South Central Regional Transit District as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the South Central Regional Transit District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, the aggregate remaining fund information and the budgetary comparison for the general fund of the South Central Regional Transit District, as of June 30, 2025, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the Standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the South Central Regional Transit District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matters

Change in Accounting Principle

As discussed in Note 1 to the financial statements, South Central Regional Transit District adopted the provisions of Governmental Accounting Standards Board (GASB) 101, Compensated Absences, which is effective for fiscal years beginning after December 15, 2023.

As discussed in Note 12, the adoption of GASB 101 resulted in a restatement of beginning net position. Our opinions are not modified with respect to this matter,

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the South Central Regional Transit District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the South Central Regional Transit District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the South Central Regional Transit District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the 10 year schedules for Pension on pages 37 - 39 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the Management's Discussion and Analysis which is required to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the South Central Regional Transit District's basic financial statements. The Schedule of Expenditures of Federal Awards, as required by Title 2 U.S Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards are presented for purposes of additional analysis and are not a required part of the basic financial statements. The information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated January 20, 2026, on our consideration of the South Central Regional Transit District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the South Central Regional Transit District's internal control over financial reporting or on compliance.

STATE OF NEW MEXICO
SOUTH CENTRAL REGIONAL TRANSIT DISTRICT
RECONCILIATION OF THE BALANCE SHEET
TO THE STATEMENT OF NET POSITION

Amounts reported for government activities in the statement of net position are different as a result of the following:

Fund balances - total governmental funds	\$ (1,516,352)
--	----------------

Long-term assets are not available to pay for current-period expenditures and therefore, are deferred in the funds:

The cost of capital assets	12,848,424	
Accumulated depreciation	<u>(1,737,048)</u>	11,111,376

Deferred outflows - NPL	665,117
-------------------------	---------

Deferred inflows - NPL	(7,658)
------------------------	---------

Long-term liabilities are not due and payable in the current-period and therefore are not reported in the funds:

Compensated absences	(87,213)	
Net pension liability	<u>(2,053,640)</u>	<u>(2,140,853)</u>

Net Position - Statement of Net Position	<u>\$ 8,111,630</u>
--	---------------------

STATE OF NEW MEXICO
SOUTH CENTRAL REGIONAL TRANSIT DISTRICT
STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCE - GOVERNMENTAL FUNDS
FOR THE YEAR ENDED JUNE 30, 2025

	<u>General Fund</u>
Revenues:	
Charges for services	\$ 414,926
State sources	2,927,142
Federal sources	7,172,839
Donations (note 7)	113,759
Miscellaneous	<u>40,205</u>
Total revenues	10,668,871
Expenditures:	
General government	3,285,289
Capital outlay	<u>8,524,182</u>
Total expenditures	<u>11,809,471</u>
Excess (deficiency) of revenues over expenditures	(1,140,600)
Other financing sources (uses):	
Principal payments	(60,000)
Lease interest	<u>(25)</u>
Total other financing sources	<u>(60,025)</u>
Net changes in fund balances	(1,200,625)
Fund balances, beginning of year	<u>(315,727)</u>
Fund balances, end of year	<u>\$ (1,516,352)</u>

See accompanying notes to financial statements and independent auditors' report

STATE OF NEW MEXICO
SOUTH CENTRAL REGIONAL TRANSIT DISTRICT
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN THE FUND
BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF
REVENUES, EXPENSES, AND CHANGES IN NET POSITION
FOR THE YEAR ENDED JUNE 30, 2025

Net change in fund balances - total governmental funds \$ (1,200,625)

The changes in net position reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their useful lives and reported as depreciation expenses:

ROU asset amortization		(2,446)
Capital outlay	8,524,182	
Depreciation expense	<u>(587,661)</u>	7,936,521
Change in deferred outflows- NPL		92,864
Change in deferred inflows- NPL		12,419
Change in net pension liability		(408,569)

The issuance of long-term debt (e.g. bonds, notes, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.

Payment on lease		1,655
Change in compensated absences		(27,263)
Loan payment		60,000
Loan proceeds		<u>(60,000)</u>
Change in net position of governmental activities		<u>\$ 6,404,556</u>

See accompanying notes to financial statements and independent auditors' report

STATE OF NEW MEXICO
SOUTH CENTRAL REGIONAL TRANSIT DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the South Central Regional Transit District (the "District"), is presented to assist in understanding the District's financial statements. The financial statements and notes are representations of the District's management, who is responsible for their integrity and objectivity.

Reporting Entity - The South Central Regional Transit District (the "District") was organized under Section 73-25-4 NMSA 1978 to provide the public with a safe and efficient transportation system in southern New Mexico. The transit services are intended to promote independent living for the frail, the elderly, the disabled, and those without access to automobiles by providing essential links to a variety of medical, social and other services.

The South Central Regional Transit District's basic financial statements are prepared in accordance with Generally Accepted Accounting Principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (statements) and interpretations. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this Note.

These financial statements present the South Central Regional Transit District (the "District") as defined by Generally Accepted Accounting Principles, component units are legally separate entities that are included in the South Central Regional Transit District reporting entity because of the significance of their operating or financial relationships with the South Central Regional Transit District. Based on the criterion in Generally Accepted Accounting Principles, the South Central Regional Transit District had no component units.

Basis of Presentation

Government-Wide Financial Statements - The statement of net position and the statement of activities report information about the government as a whole. They include all funds of the reporting entity. The statements distinguish between governmental and business type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in a whole or in part by fees charged to external parties for goods or services. The South Central Regional Transit District has no business-type activities or fiduciary funds.

Fund Financial Statements - The fund financial statements provide information about the District's funds. Only statements for governmental funds are presented since the District engaged in government-type activities only. The District reports the following major governmental funds:

STATE OF NEW MEXICO
SOUTH CENTRAL REGIONAL TRANSIT DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Presentation (Continued)

General Fund - The General Fund is the primary operating fund of the South Central Regional Transit District and always classified as a major fund. It is used to account for all activities except those legally or administratively required to be accounted for in other funds.

Measurement Focus, Basis of Accounting

Government-Wide Fund Financial Statements - The government-wide fund financial statements are reported using an economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position, and cash flows. All assets, deferred outflows of resources, liabilities and deferred inflows of resources resulting from non-exchange transactions are recognized when the earnings process is complete. The government-wide fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred or when the economic asset is used. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Derived taxes are recognized when the exchange takes place, and grants are recognized when all eligibility requirements are met.

Governmental Fund Financial Statements are reported using the current financial resource measurement focus. Only current financial assets, deferred outflows of resources, liabilities and deferred inflows of resources are generally included on their balance sheet. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period. The Governmental Fund Financial Statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, which means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred.

STATE OF NEW MEXICO
SOUTH CENTRAL REGIONAL TRANSIT DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus, Basis of Accounting (Continued)

Budget - Budgets for all funds are prepared by management and approved by the District's Board of Directors and the New Mexico Department of Finance and Administration. These budgets are prepared on the GAAP modified accrual basis, excluding encumbrances, and secure appropriation of funds for only one year. Carryover funds must be re-appropriated in the budget of the subsequent fiscal year. Actual expenditures may not exceed the budget on a by fund basis. Budgets may be amended in two ways. If a budget transfer is necessary within a fund, this may be accomplished with only local Board approval. If a transfer between "funds" or a budget increase is required, approval must also be obtained from the Department of Finance and Administration. The budgetary information presented in these financial statements has been amended in accordance with the above procedures.

Cash and Investments - Cash includes amounts in demand deposits as well as short-term investments with a maturity of six months from the date acquired by the government. State statutes authorize the government to invest in obligations of the U.S. Treasury, interest-bearing accounts with local financial institutions and the State Treasurer Pool. New Mexico Statutes require that financial institutions with public monies on deposit pledge collateral, to the owners of such monies, in an amount not less than 50% of the public monies held on deposit. Collateral pledged is held in safekeeping by other financial institutions, with safekeeping receipts held by the South Central Regional Transit District. The pledged securities remain in the name of the financial institution.

Capital Assets - Capital assets, which include property, plant, vehicles and equipment, are reported in the applicable governmental column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Information Technology Equipment including software is being capitalized and included in furniture, fixtures and equipment in accordance with NMAC 2.20.1.9 C(5). The District was a phase II government for purposes of implementing GASB 34 however, the District does not have any infrastructure asset to report. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. No interest was included as part of the cost of capital assets under construction.

STATE OF NEW MEXICO
SOUTH CENTRAL REGIONAL TRANSIT DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets (Continued)

Property, plant, and equipment of the primary government is depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Building and improvements	20-50
Furniture, Equipment, and Vehicles	3-15

Interfund Activity - Interfund activity is reported as either loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are netted as a part of the reconciliation to the government-wide financial statements. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental funds are netted as part of the reconciliation to the government-wide financial statements.

Unearned Revenues - In the government-wide statements, receivables consist of all revenues earned at year end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivable balances for the governmental activities include grants. In the fund financial statements, material receivables in governmental funds include revenue accruals such as grants and other similar intergovernmental revenues since they are usually both measurable and available. Non-exchange transactions collectible but not available are deferred in the fund financial statements in accordance with modified accrual, but not deferred in the government-wide financial statements in accordance with the accrual basis. Interest and investment earnings are recorded when earned only if paid within 60 days since they would be considered both measurable and available.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results can differ from those estimates.

Taxes - The District is exempt from federal and state income taxes; as such, no provision is made in the accompanying financial statements.

STATE OF NEW MEXICO
SOUTH CENTRAL REGIONAL TRANSIT DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Compensated Absences - The South Central Regional Transit District's policies regarding vacation time permit employees to accumulate earned but unused vacation leave. The liability for these compensated absences is recorded as long-term debt in the government-wide statements. The current portion of this debt is estimated based on historical trends. In the fund financial statements, governmental funds report only the compensated absence liability payable from expendable available financial resources.

Deferred Inflows/Outflows - In addition to assets, the statement of financial position and/or balance sheet will sometimes report a separate section for deferred outflows of resources. This separate net position that applies to a future period, and so will be recognized as an outflow of resources (expenses/expenditures) then. The Government has deferred outflows at June 30, 2025 of \$665,117.

In addition to liabilities, the statement of financial position and/or balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statements element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenues) until that time. The Government had deferred inflows of resources at June 30, 2025 of \$10,117.

Fund Balance - The South Central Regional Transit District has implemented GASB Statement 54 "Fund Balance Reporting and Governmental Fund Type Definitions". This Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balance more transparent. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Non-spendable fund balance – amounts that are not in a spendable form (such as inventory) or are required to remain intact.
- Restricted fund balance – amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- Committed fund balance – amounts constrained to specific purposes by the government itself, using its highest level of decision-making authority, to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change its constraints.
- Assigned fund balance – amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the government body delegates the authority.
- Unassigned fund balance – amounts that are available for any purpose; positive amounts are reported only in the general fund.

STATE OF NEW MEXICO
SOUTH CENTRAL REGIONAL TRANSIT DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Balance (Continued)- The Board of Directors establishes (and modifies or rescinds) fund balance commitments by adoption of a resolution or a vote of the Board. This is typically done through the adoption and amendment of the budget. Assigned fund balance is established by the Board of Directors through adoption or amendment of the budget as intended for a specific purpose (such as purchase of fixed assets, construction, debt service or for other purposes). Expenditures incurred are normally paid from the highest constrained fund balance.

Net Position - Net position represent the difference between assets and liabilities. Net position are reported as restricted when there are limitations on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors or laws of other governments. As of June 30, 2025, there is no restricted net position balance.

Implementation of New Accounting Standards

In June 2022, GASB Statement No. 101, Compensated Absences, was issued. The statement requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. A liability should be recognized for leave that has not been used if (a) the leave is attributable to services already rendered, (b) the leave accumulates, and (c) the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. Leave is attributable to services already rendered when an employee has performed the services required to earn the leave. Leave that accumulates is carried forward from the reporting period in which it is earned to a future reporting period during which it may be used for time off or otherwise paid or settled.

In estimating the leave that is more likely than not to be used or otherwise paid or settled, a government should consider relevant factors such as employment policies related to compensated absences and historical information about the use or payment of compensated absences. However, leave that is more likely than not to be settled through conversion to defined benefit postemployment benefits should not be included in a liability for compensated absences. The requirements of this Statement are effective for fiscal years beginning after December 15, 2023. The District has implemented this pronouncement, see Note #12.

STATE OF NEW MEXICO
SOUTH CENTRAL REGIONAL TRANSIT DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Implementation of New Accounting Standards (Continued)

In December 2023, GASB Statement No. 102, Certain Risk Disclosures, was issued. State and local governments face a variety of risks that could negatively affect the level of service they provide or their ability to meet obligations as they come due. Although governments are required to disclose information about their exposure to some of those risks, essential information about other risks that are prevalent among state and local governments is not routinely disclosed because it is not explicitly required. The objective of this Statement is to provide users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. The requirements of this Statement are effective for fiscal years beginning after June 15, 2024, and all reporting periods thereafter. Earlier application is encouraged. The District has implemented this pronouncement without significant changes to the financial statements.

Implementation of Future Accounting Standards

In April 2024, GASB Statement No. 103, Financial Reporting Model Improvements, was issued. The objective of this Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. This Statement also addresses certain application issues. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter. Earlier application is encouraged. The District is still evaluating how this pronouncement will effect of the financial statements.

In September 2024, GASB Statement 104, Governmental Accounting Standards Series, was issued. The objective of this Statement is to provide users of government financial statements with essential information about certain types of capital assets. The requirements of the Statement are effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter. Earlier application id encouraged. The District is still evaluating how this pronouncement will affect the financial statements.

Other Compliance

SAS 149, Audits of Group Financial Statements, effective for periods ending on or after 12/15/2026. The objective is to provide a risk-based approach to planning and performing a group audit. Extant AU-C section 600 focused on the identification of significant components at which to perform audit work. In SAS No. 149, the group auditor uses professional judgment in determining the components at which to perform procedures that respond to assessed risks. SAS No. 149 also better aligns the standard with other recently issued SASs and clarifies the interaction between the SAS and other AU-C sections. SAS No. 149 is effective for audits of group financial statements for periods ending on or after December 15, 2026.

STATE OF NEW MEXICO
SOUTH CENTRAL REGIONAL TRANSIT DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Other Compliance (Continued)

The Uniform Guidance's single audit threshold is increasing from \$750,000 to \$1,000,000 for audits with periods beginning on or after October 1, 2024. This means that only entities that spend \$1 million or more of federal funds in their fiscal year will be subject to a Single Audit.'

2. CASH AND CASH EQUIVALENTS

New Mexico State Statutes authorize the District to deposit cash with a bank, savings and loan association, or credit union whose deposits are insured by an agency of the United States of America. The District maintains cash in one financial institution, Bank of the West. All uninsured demand deposits and deposit - type investments such as certificates of deposits, are required to be collateralized with eligible securities, as described by New Mexico State Statutes, in amounts equal to at least 50% of the uninsured deposits. Collateral pledged is held in safekeeping by other financial institutions, with safekeeping receipts held by the South Central Regional Transit District. The pledged securities remain in the name of the financial institution.

As of June 30, 2025, cash consists of the following:

	<u>Per Institution</u>	<u>Reconciling Items</u>	<u>Per Financial Statement</u>
Bank of the West:			
Operating account	\$ 190,110	\$ (10,036)	\$ 180,074
Money market account	<u>21,440</u>	<u>-</u>	<u>21,440</u>
Total checking accounts	<u>211,550</u>	<u>(10,036)</u>	<u>201,514</u>
Petty cash held by the District	<u>124</u>	<u>-</u>	<u>124</u>
Total of checking accounts and petty cash	<u>\$ 211,674</u>	<u>\$ (10,036)</u>	<u>\$ 201,638</u>

Custodial Credit Risk-Deposits - Custodial credit risk is the risk that, in the event of a bank failure the District's deposits may not be returned to it. The District does not have a deposit policy for custodial credit risk. Bank balances of \$250,000 are covered by federal depository insurance. As of June 30, 2025, bank balances for the District do not exceed the federal depository insurance.

Total	(2,447)	-

5. ACCRUED COMPENSATED ABSENCES

The District pays any accumulated accrued vacation leave in a lump cash payment to employees upon termination of employment or to the employee's designated beneficiary upon death. A cash payment, of up to 80 hours, may be requested on the employee's anniversary month, or the month in which they were hired for any unused vacation time. Compensation for sick leave is limited to time-off and is not monetarily compensated. The District does not pay accrued sick leave upon termination. During the year the District implemented GASB Statement No. 101, Compensated Absences. See Note 12 for implementation and impact on the financial statements.

A summary of changes in compensated absences payable for the year ended June 30, 2025, is as follows:

	<u>Balance June 30, 2024</u>	<u>Restatement</u>	<u>Restated Balance June 30, 2024</u>	<u>Additions*</u>	<u>Balance June 30, 2025</u>	<u>Due Within One Year</u>

6. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. As of the year ended June 30, 2025, the District purchased private insurance to mitigate these risks in the amount of \$122. No settlements have exceeded coverage in the last three years.

7. PERA PENSION PLAN

Plan description - The New Mexico Public Employees Retirement Association (PERA) was created by legislation enacted in 1947. PERA is the administrator of four retirement funds, including the Public Employees Retirement Fund (PERA Fund), the Judicial Retirement Fund, the Magistrate Retirement Fund, and the Volunteer Firefighters Retirement Fund, offering an array of retirement benefit plans to state, county, and municipal employees, police, firefighters, judges, magistrates, and legislators. The four retirement funds are qualified plans under Section 401 (a) of the Internal Revenue Code and are exempt from federal income taxes under Section 501 (a). The Deferred Compensation (IRC 457) Fund is an eligible deferred compensation plan as defined by Section 457 to the Internal Revenue Code. The Deferred Compensation Fund is properly excluded from the Schedule of Employer Allocations and Pension Amounts. Refer to Note 1. C. Description of the Funds in PERA's June 30, 2024 Annual Comprehensive Financial Report (ACFR) for more in-depth detail of the pension funds administered by PERA.

Benefits provided - For a description of the benefits provided and recent changes to the benefits see Note 1 in the PERA audited financial statements for the fiscal year ended June 30, 2024 available at the PERA of New Mexico website under the GASB 67 and 68 Reporting Standards tab under "For Employers".

GASB 68, Accounting and Financial Reporting for Pensions, requires contributing employers of cost-sharing multiple employer defined benefit pension plans to include the net pension liability, pension expense, and pension-related deferred inflows and outflows of resources related to their share of the pension plan in their financial statement presentation. PERA engaged their financial statement auditors to prepare a schedule allocating these obligations to the contributing employers as of the year ended June 30, 2024.

7. PERA PENSION PLAN (CONTINUED)

Tier II

The retirement age and service credit requirements for normal retirement for PERA state and municipal general members hired increased effective July 1, 2013 with the passage of Senate Bill 27 in the 2013 Legislative Session. Under the new requirements (Tier II), general members are eligible to retire at any age if the member has at least eight years of service credit and the sum of the member's age and service credit equals at least 85 or at age 65 with 5 or more years of service credit. General members hired on or before June 30, 2013 (Tier I) remain eligible to retire at any age with 25 or more years of service credit. Under Tier II, police and firefighters in Plans 3, 4 and 5 are eligible to retire at any age with 25 or more years of service credit. State police and adult correctional officers, peace officers and municipal juvenile detention officers will remain in 25-year retirement plans, however, service credit will no longer be enhanced by 20%. All public safety members in Tier II may retire at age 60 with 5 or more years of service credit. Generally, under Tier II pension factors were reduced by .5%, employee Contribution increased 1.5 percent and effective July 1, 2014 employer contributions were raised .05 percent. The computation of final average salary increased as the average of salary for 60 consecutive months.

Contributions - See PERA's publicly available financial report and annual comprehensive financial report obtained at the PERA New Mexico website under the GASB 67 and 68 Reportings Standards tab under "For Employers", using the Audit Report Search function for agency 366, for the employer and employee contribution rates in effect for fiscal year 2024. Statutorily required contributions to the pension plan for the District were \$149,328 and employer paid member benefits that were "picked up" by the employer were \$0 for the year ended June 30, 2024.

STATE OF NEW MEXICO
SOUTH CENTRAL REGIONAL TRANSIT DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025

7. PERA PENSION PLAN (CONTINUED)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions: The PERA pension liability amounts, net pension liability amounts, and sensitivity information were based on an annual actuarial valuation performed as of June 30, 2022. The PERA pension liability amounts for each division were rolled forward from the valuation date to the Plan year ending June 30, 2022, using generally accepted actuarial principles. Therefore, the employer's portion was established as of the measurement date June 30, 2024.

The assets of the PERA fund are held in one trust, but there are six distinct membership groups (municipal general members, municipal police members, municipal fire members, state general members, state police members and legislative members) for whom separate contribution rates are determined each year pursuant to chapter 10, Article 11 NMSA 1978. Therefore, the calculations of the net pension liability, pension expense and deferred inflows and outflows were performed separately for each of the membership groups: municipal general members; municipal police members; municipal fire members; state general members; state police members and legislative members.

The District's proportion of the net pension liability for each membership group that the employer participates in is based on the employer contributing entity's percentage of that membership group's total employer contributions for the fiscal year ended June 30, 2024. Only employer contributions for the pay period end dates that fell within the period of July 1, 2022 to June 30, 2023 were included in the total contributions for a specific employer. Regular and any adjustment contributions that applied to FY 2022 are included in the total contribution amounts. In the event that an employer is behind in reporting to PERA its required contributions, an estimate (receivable) was used to project the unremitted employer contributions. This allowed for fair and consistent measurement of the contributions with the total population. This methodology was used to maintain consistent measurement each year in determining the percentages to be allocated among all the participating employers.

7. PERA PENSION PLAN (CONTINUED)

Actuarial assumptions. As described above, the PERA Fund member group pension liabilities and net pension liabilities are based on actuarial valuations performed as of June 30, 2022 for each of the membership groups. Then each PERA Fund member group pension liability was rolled forward from the valuation date to the Plan year ending June 30, 2023 using generally accepted actuarial principles. There were no significant events or changes in benefit provisions that required an adjustment to the roll-forward liabilities as of 2023. These actuarial methods and assumptions were adopted by the Board for use in the 2023 actuarial valuation.

PERA

Actuarial valuation date	June 30, 2022
Actuarial cost method	Entry age normal
Amortization method	Level percentage of payroll, of Payroll for all divisions except for the Legislative division which is Level Dollar
Actuarial assumptions:	
- Investment rate of return	7.25% annual rate, net of investment expense
- Projected salary increases	3.25% to 13.50% annual rate
- Includes inflation at	2.50% annual rate first 9 years 2.75% all other years
- Mortality assumption	The mortality assumptions are based on the RPH-2014 Blue Collar mortality table with female ages set forward one year. Future improvement in mortality rates is assumed using 60% of the MP 2017 projection scale generationally. For non-public safety groups, 25% of in-service deaths are assumed to be duty related and 35% are assumed to be duty-related for public safety groups.
- Experience study dates	July 1, 2008 to June 30, 2018 (demographic) and July 1, 2010 through June 30, 2018 (economic)

The long-term expected rate of return on pension plan investments was determined using a statistical analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and most recent best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

STATE OF NEW MEXICO
SOUTH CENTRAL REGIONAL TRANSIT DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025

7. PERA PENSION PLAN (CONTINUED)

<u>ALL FUNDS - Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Global Equity	38.0 %	6.90 %
Risk Reduction & Mitigation	17.0	3.90
Credit Oriented Fixed Income	19.0	6.00
Risk Assets	18.0	7.00
Multi-Risk Allocation	<u>8.0</u>	0.61
Total	100.0 %	

For PERA Fund Municipal General Division, at June 30, 2025, the District reported a liability of \$2,053,640 for its proportionate share of the net pension liability.

Discount rate: The discount rate used to measure the total pension liability was 7.25 percent. The projection of cash flows used to determine the discount rate assumed that future contributions will be made in accordance with statutory rates. On this basis, the pension plan's fiduciary net position together with the expected future contributions are sufficient to provide all projected future benefit payments of current plan members as determined in accordance with GASB'S 67. Therefore, the 7.25% assumed long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

STATE OF NEW MEXICO
SOUTH CENTRAL REGIONAL TRANSIT DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025

7. PERA PENSION PLAN (CONTINUED)

Sensitivity of the Employer’s proportionate share of the net pension liability to changes in the discount rate. The following tables show the sensitivity of the net pension liability to changes in the discount rate. In particular, the tables present the District's net pension liability in each PERA Fund Division that South Central Regional Transit District participates in, under the current single rate assumption, as if it were calculated using a discount rate one percentage point lower (6.25%) or one percentage point higher (8.25%) than the single discount rate.

Sensitivity of the net pension liability to changes in the discount rate:

The following presents the net pension liability of South Central Regional Transit District, calculated using the discount rate of 7.25 percent, as well as what District’s net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25 percent) or 1-percentage-point higher (8.25 percent) than the current rate:

	1% Decrease	Current	1% Increase
	6.25 %	7.25 %	8.25 %
Net Pension Liability	<u>\$ 2,385,107</u>	<u>\$ 2,053,640</u>	<u>\$ 1,029,790</u>

In June 30, 2025 \$149,328, deferred outflows - contributions made after measurement date, will be recognized as a reduction of net pension liability. Other deferred amounts to be recognized in fiscal years following the reporting date are below:

Year Ended June 30:	
2023	\$ 199,111
2024	67,854
2025	157,665
2026	<u>14,084</u>
Total	<u>\$ 438,714</u>

Additional information on PERA, and the Actuarial assumptions may be found at the PERA of New Mexico website.

FOR THE YEAR ENDED JUNE 30, 2025

8. LOANS

The District has a \$60,000 on demand commercial loan with Bank of the West. The loan bears interest monthly at a rate of 16.50%. At June 30, 2025, the District had no outstanding balance.

9. LEASES

There are no tax abatements to report under GASB 98.

10. CONTINGENCIES

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally federal and state governments. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the government expects such amounts, if any, to be immaterial.

11. TAX ABATEMENTS

There are no tax abatements to report under GASB 77.

12. RESTATEMENT

Government-Wide Funds:

The beginning net position was decreased by \$10,969 for the Government-Wide Fund to reflect the cumulative effect of implementing GASB Statement No. 101, Compensated Absences. This restatement aligns the District's financial reporting with the updated recognition and measurement criteria under GASB 101.

The adjustment reflects the re-evaluation of previously reported compensated absences liabilities. It affects only the beginning net position and does not impact the current year change in fund balance or results of operations.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Mr. Joseph M. Maestas, P.E., CFE, State Auditor
and The Board of Directors
South Central Regional Transit District
Anthony, New Mexico

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the budgetary comparisons of the general fund of South Central Regional Transit District as of and for the year ended June 30, 2025 and the related notes to the financial statements, which collectively comprise the basic financial statements of South Central Regional Transit District, and have issued our report thereon dated January 20, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit, of the financial statements, we considered South Central Regional Transit District's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of South Central Regional Transit District's internal control. Accordingly, we do not express an opinion on the effectiveness of South Central Regional Transit District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. During our audit we identified one deficiency in internal control that we consider to be a significant deficiency and which is described in the accompanying schedule of findings and questioned costs as item 2025-001.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether South Central Regional Transit District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The result of our tests disclosed no instances of noncompliance that is required to be reported under Government Auditing Standards.

South Central Regional Transit District's Response to Findings

The District's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The district's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Mr. Joseph M. Maestas, P.E., CFE, State Auditor
and The Board of Directors of
South Central Regional Transit District
Anthony, New Mexico

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited South Central Regional Transit District's compliance with the types of compliance requirements described in the Uniform Grant Guidance that could have a direct and material effect on each of South Central Regional Transit District's major federal programs for the year ended June 30, 2025. South Central Regional Transit District's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, South Central Regional Transit District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of South Central Regional Transit District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of South Central Regional Transit District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to South Central Regional Transit District's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on South Central Regional Transit District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about South Central Regional Transit District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding South Central Regional Transit District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of South Central Regional Transit District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of South Central Regional Transit District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

STATE OF NEW MEXICO
South Central Regional Transit District
NOTES TO THE EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED

1. BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the South Central Regional Transit District for the year ended June 30, 2025 and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the schedule only presents a selected portion of the operations of the District, it is not intended to and does not present the financial position or changes in net position of the South Central Regional Transit District.

2. COST RATE

The District did not use the 15% de minimis cost rate for the current year.

3. RECONCILIATION OF FEDERAL AWARDS TO EXPENDITURE OF FEDERAL AWARDS

Total federal expenditures reported on the Schedule of Expenditures of Federal Awards (SEFA) for the year ended June 30, 2025 total \$6,164,767. Federal revenue reported in the Statement of Revenues, Expenditures, and Changes in Fund Balances total \$7,172,839.

The difference of \$1,008,072 represents federal awards recognized as revenue during the year that were not expended during the year. These awards are available to be expended in future fiscal years.

Prior year findings	Current Status
None	
Current audit findings	
None	

Financial Statements Findings:

Prior audit findings		Current status
2024-001	Noncompliance with Collateralization Requirements for Public Funds - Other Non-Compliance	Resolved
Current audit findings		
2025-001	Capital Assets - Significant Deficiency	New

STATE OF NEW MEXICO
SOUTH CENTRAL REGIONAL TRANSIT DISTRICT
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2025

2025-001 Capital Assets - Significant Deficiency

CONDITION The capital asset additions list provided by the District was incomplete and inaccurate. Supporting documentation on capital asset additions was not readily available and capital outlay had not been reconciled to the District's trial balance. The District and IPA were able to identify and reconcile all capital outlay items before issuance of the audit report. Further, accurate capital assets were not certified by the council.

CRITERIA Under The New Mexico Statutes Section 12-6-10:

- 1) Agencies must conduct a physical inventory of movable chattels and equipment costing over \$5,000 at the end of each fiscal year.
- 2) Items costing \$5,000 or less are not required to be listed in the inventory.
- 3) The inventory should list chattels and equipment along with the date and cost of acquisition.
- 4) The general services department is responsible for establishing inventory accounting standards and rules.

Donated assets should be recorded at their fair market value, which is the price that a willing buyer and seller would agree to in an open and unrestricted market.

CAUSE The District has experienced a lot of growth in the past couple of years, procedures on capital asset reporting are being established.

EFFECT The District is not in compliance with 12-6-10.

RECOMMENDATION We recommend that the District designate the responsibility of tracking capital asset additions to one person and have the Finance Officer review the list and supporting documentation on a monthly basis.

RESPONSE The District will execute the recommendation provided by the auditor and identify an employee to track all capital assets. This review is conducted by a team before June 30th each year with board review and approval of the annual inventory list at the June board meeting. This effort is required by both the NMDOT and FTA auditors and SCRTD has complied with state and federal auditors for the past six years.

EXPECTED COMPLETION: June 30, 2026

EMPLOYEE RESPONSIBLE: Finance Officer

STATE OF NEW MEXICO
SOUTH CENTRAL REGIONAL TRANSIT DISTRICT
SUMMARY OF AUDITORS' RESULTS
FOR THE YEAR ENDED JUNE 30, 2025

South Central Regional Transit District

2001 Futurity Rd. Sunland Park, NM 88063
• 575-777-5851

January 20, 2026

South Central Regional Transit District respectfully submits the following corrective action plan for the year ended June 30, 2025.

Name and address of independent public accounting firm:
Beasley, Mitchell & Co.
PO Box 550
Las Cruces, NM 88001

The finding from the June 30, 2024 schedule of findings is discussed below. The finding is numbered consistently with the numbers assigned in the schedule.

FINDINGS—FINANCIAL STATEMENT AUDIT

2025-001 Capital outlay and capital asset addition list

Condition: The capital asset additions list provided by the District was incomplete and inaccurate. Supporting documentation on capital asset additions was not readily available and capital outlay had not been reconciled to the District's trial balance. The District and IPA were able to identify and reconcile all capital outlay items before issuance of the audit report.

Auditors' Recommendation: We recommend that the District designate the responsibility of tracking capital asset additions to one person and have the Finance Officer review the list and supporting documentation on a monthly basis.

Corrective Action:

Regular tracking and update of the fixed assets list will be handed over to the newly hired Senior Accountant allowing the Finance Officer to audit the report regularly to ensure accuracy. The information this tracking will include is ensuring that the asset is recorded in the accounting system, list of Fixed Assets, and the entry in the BlackCat system. In addition, the Senior Accountant will ensure that all the documentation necessary to register the vehicle and submit for funding is received.

Sincerely,

A handwritten signature in black ink that reads "Adam S. Shea".

Adam S. Shea
Finance Officer

A handwritten signature in black ink that reads "David Armijo".
